Harpwell - 3.35
Tenants Harbor - 3.15

2017-2021 top ten ports by live pounds. Landings are reported in millions of pounds. Source: Maine DMR

**Got good lobster producing waters?** Yup, and we are going to keep it that way.

Jonesport was the **largest** port by catch for lobster in the entire state of Maine in 2021.

Do you think we care about what goes into our waters? **You bet we do.**

That's why we **oppose** the industrial-scale, foreign-owned Kingfish project.

Kingfish can discharge **1,580 pounds** of nitrogen into the bay **every day.**

THE STATE OF MAINE IS GIVING AWAY OUR OCEAN AND WE REFUSE TO GIVE AWAY OUR RIGHT TO EARN A LIVING.

**Vote YES on the moratorium!**
